

# LECTURES

| Date   | Time  | Venue  | Speaker   | Title  | Moderator                                   |
|--|-------|--|---|--|---|
| <b>Division of Mathematics and Physical Sciences</b> |       |  |   |  |   |
| Thu<br>6/18  | 15:30 | Dr. Poe Lecture Hall,<br>Inst. of Atomic and<br>Molecular Sciences<br>(NTU Campus) | Prof. Fu-Jen Kao<br>(National Yang-<br>Ming Univ.)                        | Conceiving the Future of<br>Optical Microscopy   | Dr. Kaito<br>Takahashi                      |
| Mon<br>6/29  | 12:00 | Room 1203 of the<br>Astronomy-<br>Mathematics Building<br>(NTU Campus)             | Dr. Wei-Hao Wang<br>(Inst. of Astronomy<br>and Astrophysics)              | What I did learned on the<br>Big Island  | Dr. Henry Hsieh<br>-----<br>Dr. Sherry Suyu |
| <b>Division of Life Sciences</b>                     |       |  |   |  |   |
| Mon<br>6/22  | 11:00 | Auditorium, 1F, Inst.<br>of Molecular<br>Biology                                   | Dr. Helle D. Ulrich<br>(Johannes<br>Gutenberg Univ. of<br>Mainz, Germany) | Dealing with DNA<br>Damage during<br>Replication   | Dr. Ting-Fang<br>Wang                       |
| Mon<br>6/22  | 11:00 | B1B Lecture Room,<br>Inst. of Biomedical<br>Sciences                               | Dr. Steve S.L.<br>Chen<br>(Inst. of<br>Biomedical<br>Sciences)            | Functional Exploration of<br>Choline Kinase- $\alpha$ in HCV<br>Replication  |   |
| Tue<br>6/23  | 11:00 | Auditorium A134,<br>Inst. of Plant and<br>Microbial Biology                        | Dr. Kan Wang<br>(Iowa State Univ.,<br>USA)                                | Plant Genetic<br>Transformation in the Era<br>of Genome Editing: Nano-<br>biotechnology and<br>Agrobacterium non-<br>coding RNAs | Dr. Tuan-hua<br>David Ho                    |

|             |       |  |   |   |                          |
|-------------|-------|--|---|---|--------------------------|
| Tue<br>6/23 | 13:00 | Auditorium 1F,<br>Genomics Research<br>Center  | Dr. Feng Chi Chen<br>(National Health<br>Research<br>Institutes)<br>-----<br>Dr. Ban-Yang Liao<br>(National Health<br>Research<br>Institutes) | 2015 Mini-symposium on<br>High-throughput<br>Transcriptome Analysis   | Dr. Trees-Juen<br>Chuang |
| Wed<br>6/24 | 11:00 | B1B Lecture Room,<br>Inst. of Biomedical<br>Sciences                                       | Dr. David K. Ann<br>(City of Hope,<br>USA)  | Role of KAP1<br>Phosphorylation as a<br>Checkpoint for Metabolic<br>Stress Response in Breast<br>Cancer             | Dr. Sheau-Yann<br>Shieh  |
| Wed<br>6/24 | 15:00 | Auditorium, 1F,<br>Interdisciplinary<br>Research Building<br>for Science and<br>Technology | Dr. Robert (Bob)<br>K. Vander Meer<br>(United States<br>Department of<br>Agriculture, USA)  | Fire Ants: From Sex and<br>Recruitment to<br>Pheromone Biosynthesis<br>and Control                                  | Dr. John Wang            |
| Wed<br>6/24 | 16:00 | B1B Lecture Room,<br>Inst. of Biomedical<br>Sciences                                       | Dr. Shao-Chun<br>Wang<br>(Univ. of<br>Cincinnati, USA)  | Unveiling the Signaling<br>Functions of PCNA in<br>Cancer Development<br>DNA Damage Response<br>and Obesity         | Dr. Hsiu-Ming<br>Shih    |
| Thu<br>6/25 | 15:00 | Auditorium A134,<br>Inst. of Plant and<br>Microbial Biology                                | Prof. Xinnian<br>Dong<br>(Duke Univ., USA)  | Live and Let Die: A<br>Defense Strategy in Plants   | Dr. Erh-Min Lai          |
| Fri<br>6/26 | 15:00 | Conference Room,<br>2F, Greenhouse,<br>Academia Sinica                                     | Dr. Yui Sato<br>(Australian Inst. of<br>Marine Science,<br>Australia)   | Integrated Approach to<br>Understanding the<br>Etiology of Coral Black<br>Band Disease on the Great<br>Barrier Reef | Dr. Sen-Lin Tang         |
| Mon<br>6/29 | 11:00 | B1B Lecture Room,<br>Inst. of Biomedical<br>Sciences                                       | Dr. Li-Na Wei<br>(Univ. of<br>Minnesota, USA)   | Receptor Interacting<br>Protein 140 (RIP140) in<br>Diseases - A Wild Card to<br>Exploit                             | Dr. Sheau-Yann<br>Shieh  |

|   |       |   |  |  |                         |
|---|-------|---|--|--|-------------------------|
| Mon<br>6/29                                       | 15:00 | Auditorium A134,<br>Inst. of Plant and<br>Microbial Biology | Dr. Jane Shen-<br>Miller<br>(Univ. of<br>California, Los<br>Angeles, USA ) | Century-old Living Fruits<br>of Sacred Lotus Nelumbo<br>Nucifera (China Antique):<br>Strategy of Survival          | Dr. Yue-Ie C.<br>Hsing  |
| Tue<br>6/30                                       | 11:00 | B1B Lecture Room,<br>Inst. of Biomedical<br>Sciences        | Dr. Cidi Chen<br>(Boston Univ.<br>School of<br>Medicine, USA)              | Klotho-enhancers and<br>APP Dimerization<br>Inhibitors as Potential<br>New Treatments for<br>Alzheimer's Disease   | Dr. Chien-Chang<br>Chen |
| Wed<br>7/1  | 11:00 | B1B Lecture Room,<br>Inst. of Biomedical<br>Sciences        | Dr. Cheng-Ming<br>Chiang<br>(UT Southwestern,<br>USA)                      | BRD4 in Gene-Specific<br>Targeting and Cancer<br>Therapeutics  | Dr. Sheau-Yann<br>Shieh |
| Wed<br>7/1  | 14:00 | B1B Lecture Room,<br>Inst. of Biomedical<br>Sciences        | Dr. Kai-Hsiung<br>Chang<br>(Cleveland Clinic,<br>USA)                      | Delineation and Clinical<br>Consequences of<br>Sustained Androgen<br>Synthesis in Prostate<br>Cancer               | Dr. Sheau-Yann<br>Shieh |
| Thu<br>7/2  | 11:00 | B1B Lecture Room,<br>Inst. of Biomedical<br>Sciences        | Dr. Mou-Chieh<br>Kao<br>(National Tsing<br>Hua Univ.)                      | Dr. Reiji Kannagi  |                         |
| <b>Division of Humanities and Social Sciences</b> |       |   |  |  |                         |
| Thu<br>6/18                                       | 14:00 | Conference Room B,<br>Inst. of Political<br>Science         | Dr. N.C. Chang<br>Liao<br>(Inst. of Political<br>Science)                  | Explaining China's<br>Assertiveness: A Level of<br>Analysis Approach   |                         |
| Tue<br>6/23                                       | 10:30 | Conference Room<br>B110, Inst. of<br>Economics              | Dr. Paul McNelis<br>(Fordham Univ.,<br>USA)                                | Macroeconomics at the<br>Zero Lower Bound: Quasi-<br>Fiscal Monetary Policy vs.<br>Quasi-Monetary Fiscal<br>Policy | Dr. Cheng-<br>Ying Yang |
| Tue<br>6/23                                       | 14:30 | Conference Room<br>B110, Inst. of<br>Economics              | Dr. Stephen<br>Turnovsky<br>(Univ. of<br>Washington, USA)                  | Closing the Small<br>Economy Model: A<br>Demographic Approach  | Dr. Been-Lon<br>Chen    |

|             |       |  |  |  |                    |
|-------------|-------|--|--|--|--------------------|
| Wed<br>6/24 | 12:00 | 1st Conference Room, Inst. of Ethnology                    | Dr. Chuang Ying-Chang<br>(Inst. of Ethnology)  | Native Anthropologists Study their Own Backyard  | Dr. Jen-Yu Peng    |
| Wed<br>6/24 | 14:30 | Conference Room B110, Inst. of Economics                   | Dr. Yi-Chun Chen<br>(National Univ. of Singapore)  | Robust Dynamic Implementation  | Dr. Chun-Hsien Yeh |
| Thu<br>6/25 | 12:00 | 3rd Conference Room, Inst. of Ethnology                    | Dr. Yukti Mukdawijitra<br>(Thammasat Univ., Thailand)  | A Tale of Two Middle Classes: Mass Politics and Thailand's 2015 Coup d'état                                      | Dr. Wen-Chin Chang |
| Thu<br>6/25 | 14:00 | Conference Room B, Inst. of Political Science              | Ms. Hsin-Hsin Pan<br>(Inst. of Political Science)  | The Politics of Treaty under Dictatorship: The Case of Bilateral Investment Treaties                             |                    |
| Fri<br>6/26 | 14:30 | Conference Room B110, Inst. of Economics                   | Dr. Ju-Chin Huang<br>(Univ. of New Hampshire, USA)<br>-----<br>Dr. Kent Zhao<br>(Xiamen Univ., USA)  | Hedonic Prices Taxation and Imperfect Competition  | Dr. Daigee Shaw    |
| Mon<br>6/29 | 10:00 | Conference Room 2319, 3F, New Building, Inst. of Ethnology | Dr. Ruey-Ling Chu<br>(Inst. of Ethnology)<br>-----<br>Dr. Bien Chiang<br>(Inst. of Ethnology)<br>-----<br>Dr. Yuh-Huey Jou<br>(Inst. of Ethnology) | Homeland and Permanent House: Community Resilience of Paiwan Villages in The Chaozhou Fault Area Pingtung Taiwan | Dr. Fei-Wen Liu    |
