

The Symposium on Leading Research of Life Sciences of Academia Sinica

Time: December 11, 2015 (Friday) 9:00-16:20

Venue: 1F Auditorium, Institute of Cellular and Organismic Biology

Chair: Executive Secretary Te-Chang Lee, Central Academic Advisory Committee

Agenda

Time	Speaker	Title
09:00-09:05	Opening remarks	
09:05-09:10	Moderator: Director Cheng, Soo-Chen	
09:10-09:40	Dr. Yuan, Hanna	Structural insights into DNA and RNA metabolism
09:40-09:45	Q&A	
09:45-10:15	Dr. Leu, Jun-Yi	Integrative Transcriptome Analysis Reveals the Proteotoxic Stress Response to Hybrid Genomes
10:15-10:20	Q&A	
10:40-10:45	Moderator: Director Shih, Ming-Che	
10:45-11:15	Dr. Hsiao, Pei-Wen	Aberrations in galectin and glycosylation create a tough nut of metastatic seeds in prostate cancer
11:15-11:20	Q&A	
11:20-11:50	Dr. Hsing, Yue-Ie	The aboriginal crops – Omics studies on the treasures
11:50-11:55	Q&A	
13:30-13:35	Moderator: Executive Secretary Te-Chang Lee	
13:35-14:05	Dr. Yang, Wei Yuan	Optogenetic probing of organelle damage responses
14:05-14:10	Q&A	
14:10-14:40	Dr. Lin, Chun-Hung	Research in Gut Microbiota
14:40-14:45	Q&A	
14:45-15:05	Coffee Break	

15:05-15:10	Moderator: Director Liu, Fu-Tong	
15:10-15:40	Dr. Chen, Chien-Chang	Function, regulation and downstream signaling pathways of CaV3.2 T-type Ca ²⁺ channels
15:40-15:45	Q&A	
15:45-16:15	Dr. Tsai, Ming-Daw	TIFA, Immunity, and Cancer
16:15-16:20	Q&A	

Lectures will be delivered in English.
